Projects

Internee.pk Redesign   Jul 2024 - Aug 2024

internee.pk redesign was a project completed during an internship at Internee.pk, aimed at mastering frontend development skills. The project involved designing and implementing user interfaces using HTML, CSS, JavaScript, and ReactJS, focusing on creating responsive and interactive web components. This hands-on experience strengthened expertise in frontend technologies and contributed to the platform's functionality and design.

Project Fester   Sep 2024 - Present

Developed a virtual meeting hosting platform using React, Tailwind CSS, and Firebase, enabling real-time communication with AgoraRTC integration.Implemented custom features such as calendar event management, meeting link generation, and authentication for seamless user experience.
